

enum::Enum

```
graph BT; SIIS.State --> enum::Enum
```

A UML class diagram showing an inheritance relationship. A light gray box labeled 'SIIS.State' is at the bottom, and a white box labeled 'enum::Enum' is at the top. A blue arrow points from the top of 'SIIS.State' to the bottom of 'enum::Enum', indicating that 'SIIS.State' inherits from 'enum::Enum'.

SIIS.State
